

Diagnoses Eligible for Enrollment in the Breast and Cervical Cancer (BCCP) Medicaid Program

Breast Diagnoses

Breast Cancer Diagnoses	Result to enter in eCaST
Atypical Ductal Hyperplasia (ADH)**	Atypical hyperplasia
Atypical Lobular Hyperplasia (ALH)**	Atypical hyperplasia
Lobular Carcinoma In Situ (LCIS)/Lobular	Lobular Carcinoma In Situ (LCIS)
Neoplasia**	
Ductal Carcinoma In Situ (DCIS)	Ductal Carcinoma In Situ (DCIS)
Infiltrating Ductal Carcinoma	Invasive Breast Cancer
Infiltrating Lobular Carcinoma	Invasive Breast Cancer
Metastatic Cancer with Breast Primary	Invasive Breast Cancer
Invasive Breast Carcinoma	Invasive Breast Cancer

^{**}If the diagnosis is made by excisional biopsy, WWC requires verification that active treatment is needed before BCCP eligibility can be approved.

The following diagnoses may be entered into eCaST as either "Invasive Breast Cancer" or "Non-invasive Breast Cancer." Please consult with the WWC Nurse Consultant, 303-692-2323, to determine the correct entry for eCaST.

- Adenoid Cystic Carcinoma
- Medullary Carcinoma
- Mucinous or Colloid Carcinoma
- Papillary Carcinoma
- Tubular Carcinoma
- Paget's Carcinoma of the Breast
- Benign Phyllodes Tumor**
- Malignant Phyllodes Tumor
- Carcinosarcoma
- Inflammatory Breast Carcinoma

Cervical Diagnoses

Cervical Cancer Diagnoses	Result to enter in eCaST
Cervical Intraepithelial Neoplasia II (CIN II) -	CINII, moderate dysplasia (bx dx)
Moderate Dysplasia**	
Cervical Intraepithelial Neoplasia III (CIN III) -	CINIII, severe dysplasia/CIS (Stage 0)
Severe Dysplasia**	(bx dx)
Carcinoma in situ	Non-invasive cervical cancer
Adenocarcinoma In Situ (ACIS)	Non-invasive cervical cancer
Metastatic Cancer with Cervical or	Invasive cervical cancer
Endocervical Primary	

^{**}If the diagnosis is made by an excisional procedure (i.e. LEEP), WWC requires verification that active treatment is needed before BCCP eligibility can be approved.

The following diagnoses may be entered into eCaST as either "Invasive Cervical Cancer" or "Non-invasive Cervical Cancer." Please consult with the WWC Nurse Consultant, 303-692-2323, to determine the correct entry for eCaST.

- Adenocarcinoma
- Squamous Cell Carcinoma (SCC)
- Adenoma Malignum
- Adenoid Cystic Carcinoma
- Mesonephric Carcinoma
- Adenosquamous Carcinoma
- Glassy Cell Carcinoma
- Carcinoid Carcinoma
- Small Cell Carcinoma or Neuroendocrine Carcinoma
- Cervical Sarcoma
- Cervical Melanoma
